

THANK YOU

“Very few people are referred out of our zone thanks to the expertise and equipment we have right here. Donor support has a huge impact in that.”

SEAN CHILTON

You know those \$10 and \$20 donations? They add up. Almost all of the \$2 Million dollars raised by the Chinook Regional Hospital Foundation in 2014 was from our individual donors, much like yourselves.

There isn't a department of the hospital that hasn't been touched in some way by our donor's generosity, including the newly expanded areas. Thank you. Each and every one of you makes a difference.
